Advantages over Competitors

INSTANT STRONG

— DB Mammuth High Tack

— Soudal Fix All High Tack

Advantages over Mamut Glue:

The initial tack is nearly the same, but our product:

- Cures **8 TIMES FASTER** (3 hours vs 24 hours)
- Has **HIGHER FINAL STRENGTH** (40 kg/cm² vs 22 kg/cm²)
- Is much **easier** to extrude
- Goes with **2 applicators** (thick and thin)

Immediate Grip

HIGH TACK

SUPERIOR
RESISTANCE

HEAVY PARTS

Maximum Initial Strength
